Crayola ColorCycle – an amazing new program devised to turn used markers into energy!

As a school we will be collecting used markers that are ready to be discarded. The markers will be sent to a facility where they will be converted into clean fuel. Please help support our efforts by saving any used markers --even non-Crayola brands, dry-erase, sharpies, highlighters, etc. Markers can be taken to art class or dropped off in the drop-off box outside room 105.

Color Games– To help us practice strong work habits, collaborate, and review skills for the EOG, students are earning points for their color team. Thank you for supporting your student in maintaining enthusiasm for their learning and work habits!
